Dear Mr Hayes

### **Proposed changes to the Fetal Medicine Unit (FMU) Sonographer reporting structure**

The Division of Women Youth and Children – Fetal Medicine Unit has recently undertaken a successful recruitment process for the engagement of two sonographers at the MI 5 level. The establishment of these positions follows the recommendations of an independent review undertaken in October 2022.

The implementation of these positions provides the opportunity for the unit to review the reporting structure for the FMU sonography team. This consultation paper outlines the proposed structure.

Attached is the consultation paper along with the position description for the Sonography MI 5 role. We would welcome the review and feedback from the Community and Public Sector on this proposal.

Staff have been invited to provide feedback on the proposal. Consultation period for the proposed FMU Sonographer reporting structure will be 14 days commencing from Monday 26 June 2023 and will run until COB Monday 10 July 2023.

Please provide any feedback to [CHS.WYCExecutiveoffice@act.gov.au](mailto:CHS.WYCExecutiveoffice@act.gov.au)

Kind regards

Suzanne Pilkington  
Ag Executive Director  
Women Youth and Children  
Canberra Health Services.
