1. Overview of The Garrawarra Centre

1.1 Current Organisational Structure

GARRAWARRA CENTRE ORGANISATIONAL CHART

1.2 Responsibilities of the Garrawarra Centre

The Garrawarra Centre (GC) is a residential aged care facility (RACF) in southern Sydney located at Waterfall, providing high level care to dementia clients across NSW. It is a part of South Eastern Sydney Local Health District (SESLHD). Our purpose in SESLHD and the Garrawarra Centre is to enable our community to be healthy and well; and to provide the best possible compassionate care when people need it.

The Garrawarra Centre as a residential aged care provider supports accommodation for older people who are unable to continue living independently in their own homes and who need ongoing help with everyday tasks. The GC is an approved provider of residential aged care and must provide a range of care and services to residents, including social care, accommodation services and help with day-to-day tasks, personal care, and clinical care.

The General Manager is responsible for the management of The Sutherland Hospital (TSH) & Garrawarra Centre (GC) and through the Executive Leadership team, is responsible for the management of physical, human and financial resources to ensure the delivery of safe and efficient patient care, as well as the achievement of other SESLHD, NSW Health and Commonwealth Aged Care objectives.

2.1 Rationale

The SESLHD Journey to Excellence Strategy 2018 - 2021 identifies that the transformational journey will build local capacity and capability with a vision of improving systems and support for value-based change and improvement to meet the growing demands of the community and deliver safe, quality and compassionate patient care. It proposes considerable changes for health service provision with more sustainable options, preventative measures and earlier interventions within the community.

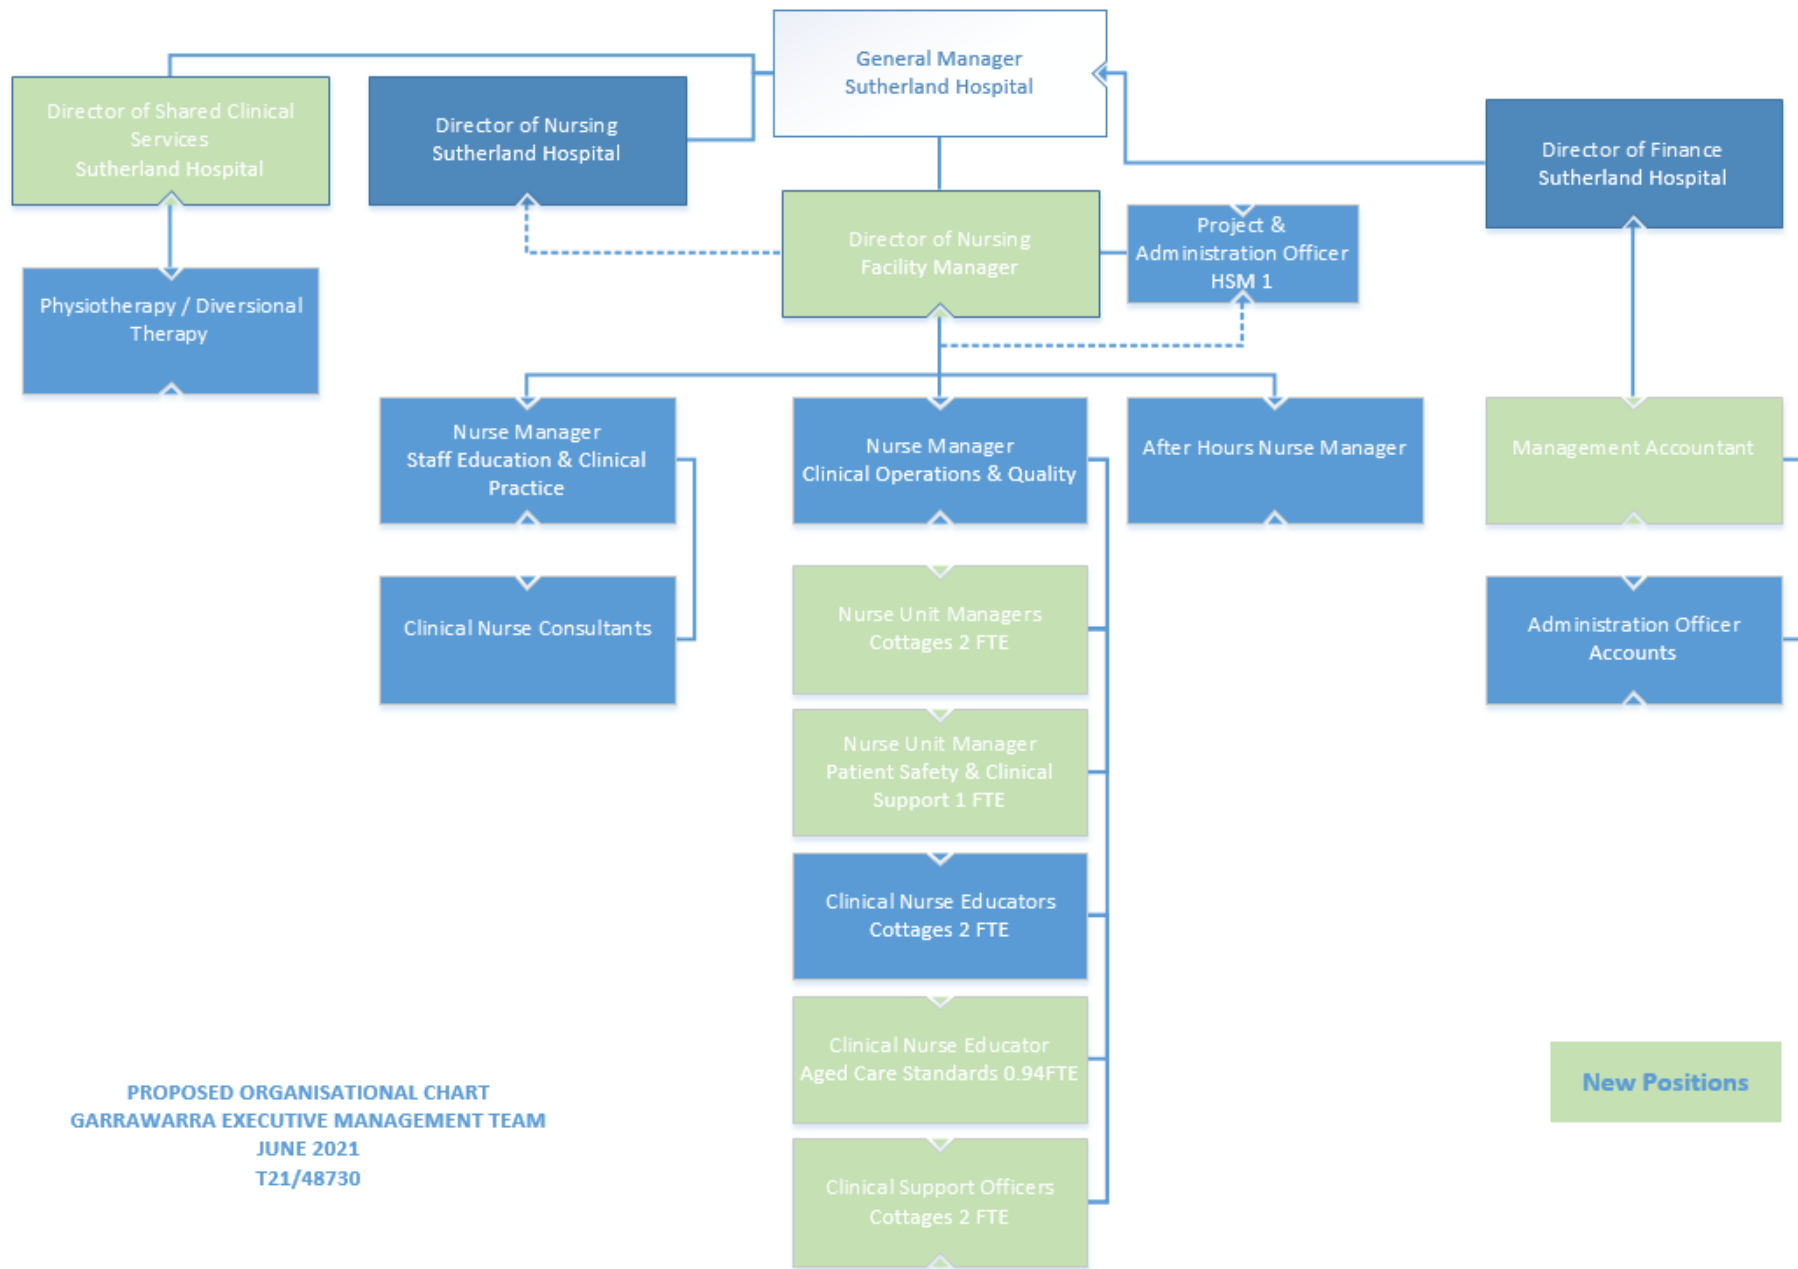

The Aged Care Commission identifies through the (8) National Aged Care Standards a focus on how systems support the delivery of safe and quality aged care services. It is expected the organisation has governance systems in place to assess, monitor and drive improvement in the quality and safety of the care and services they provide. This includes making sure consumers have a quality experience. Organisations are expected to plan for, and manage internal and external emergencies and disasters and have effective infection prevention and control procedures in place

The governing body of the organisation is responsible for promoting a culture of safe, inclusive and quality, care and services in the organisation. The governing body of the organisation is also responsible for overseeing the organisation's strategic direction and policies for delivering care to meet the Quality AC Standards.

To provide a secure future and enable the Garrawarra Centre to be a transformation-led organisation we are committed to the provision of a culture of safe inclusive and quality care and a service that is embedded in all aspects of organisational life and owned by everyone. It is the organisation's (Garrawarra and TSH) governing body that enables this through its leadership, decisions made and directions set for the organisation. It will be reflected in how the organisation communicates its meaning and purpose to the workforce, consumers and those outside the service. The existing management structure will be realigned to reflect the needs of a Residential Aged Care Facility aligned with a NSW Health acute care facility.

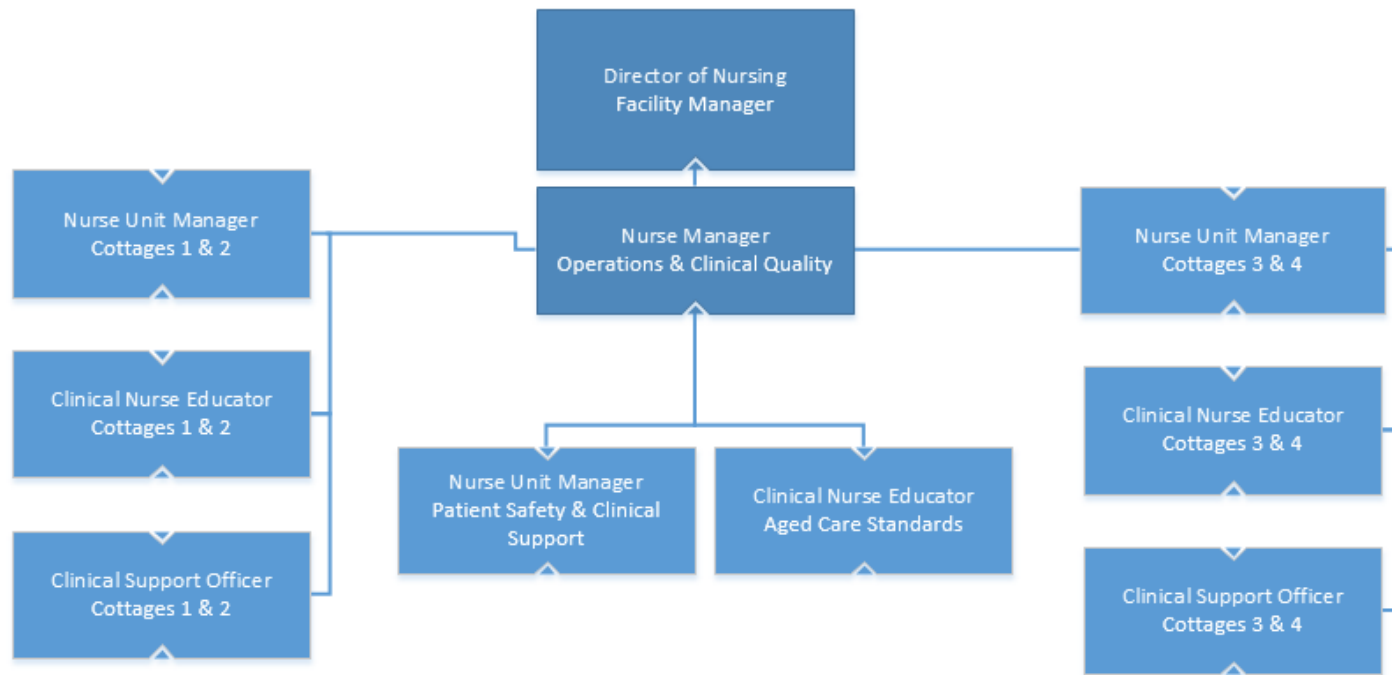

Successful transformation of the GC will require integrated ownership of clinical, operational, financial objectives and outcomes. It will provide the leadership team and clinicians with autonomy and accountability to make decisions on how to improve service and performance, and to implement changes that will best serve them, their residents and their consumers. In consultation with A Excellence (an expert team in residential aged care standards) in regards to high performing RACF's the GC should reflect how it addresses changes to the aged care assessment as it transitions from the Aged Care Funding Instrument to the AA NAC assessment tool, while demonstrating how it addresses the needs of residents with high level behavioural diagnosis and identifies care needs that meet best practice guidelines.

To be able to achieve this at the GC and to align with SESLHD and TSH strategic objectives there will be a realignment of the current leadership structure. This is aimed at meeting the aged care governance arrangements which will deliver appropriate support, including financial, patient safety and administrative, so that care provided at the resident level is compassionate, skillful and timely.

PROPOSED COTTAGE STRUCTURE
 June 2021

3. Proposed changes to Position Descriptions

3.1 Summary of proposed changes to positions

3.1.1 Positions to be deleted

Current Position	FTE	Proposed Action	Classification	Grade	Commentary
Facility Manager / Director of Nursing <i>Temporarily filled as NM5</i>	1.0	Delete	Nurse Manager	7	Non acute facility. Role supported by TSH GM and DONM
Nurse Unit Manager <i>Permanently filled</i>	4.0	Delete	Nurse Unit Manager	2	Retaining 3 NUM (EOI) Realignment to cottages & Patient Safety
Business & Quality Performance <i>Permanently filled</i>	1.0	Delete	HSM	3	Role no longer required
Administration Officer Rostering <i>Permanently filled</i>	1.0	Delete	Administration Officer	3	Match to CSO A03
Administration Officer Reception <i>Permanently filled</i>	1.0	Delete	Administration Officer	3	Match to CSO A03
Administration Officer Cashier <i>Permanently filled</i>	1.0	Delete	Administration Officer	5	Role no longer required
Executive Assistant to Facility Manager <i>Permanently filled</i>	1.0	Delete	Administration Officer	6	Role no longer required
Clinical Nurse Educator <i>Permanently filled</i> <i>FTE to move to new Standards Role</i>	0.94	Delete	CNE		Match FTE to Aged Care Standards Clinical Nurse Educator

3.1.2 Proposed new positions

New Position	FTE	Proposed Action	Classification	Grade	Commentary
Director of Nursing / Facility Manager	1.0	New	Nurse Manager	6	In line with non-acute aged care Facility Manager
Nurse Unit Manager Cottages 1&2	1.0	New	Nurse Unit Manager	2	Supporting pod model
Nurse Unit Manager Cottages 3&4	1.0	New	Nurse Unit Manager	2	Supporting pod model
Nurse Unit Manager Patient Safety and Clinical Support	1.0	New	Nurse Unit Manager	2	Provide specific support and development across cottage pods
Clinical Nurse Educator Aged Care Standards	1.0	New	Clinical Nurse Educator	2	Providing specific guidance and support re: Aged care assessments
Director of Shared Clinical Services <i>Existing Shared Clinical Services Director TSH</i>	0.2	New	Allied Health		To provide professional governance of AH
Project & Administration Officer	1.0	New	HSM	1	Project & administrative support of the Leadership Team
Clinical Support Officer Cottages <i>Proposed match to deleted A03 roles</i>	2.0	New	Administration Officer	3	Enhanced support to NUM and other clinical staff in cottage pods

3.1.3 Proposed new reporting lines

Department	Current Reporting Line	Proposed New ReportingLine	Commentary
Physiotherapy; DiversionalTherapy; Recreation Lifestyle Officers	Nurse Manager Operations	Director of Shared Clinical Services	Professional accountability
After Hours Nurse Managers	Nurse Manager Operations	Facility Manager	Align with operations
Clinical Nurse Consultants	Nurse Manager Operations	Staff Education & Clinical Practice Manager	Align with Education Manager
Clinical Nurse Educator Aged Care Standards	Nurse Manager Staff Education & Clinical Practice	Nurse Unit Managers Cottages	Part of cottage pod team. Indirect reporting line to NM Education
Administration Officer Accounts	Business & Quality Performance Manager	Management Accountant- TSH/GC	Provide administrative support to the Management Accountant

3.2 Details of proposed changes to positions, new positions and reporting lines

3.2.1 Proposed changes to Director of Nursing / Facility Manager

Director Nursing/Facility Manager (DON/FM) will be responsible for the operation, development and delivery of GC's annual business plan, inclusive of implementing organisation-wide initiatives and delivering local improvements and projects that improve performance, the patient journey, workplace culture and organisational reputation.

The DON/FM is responsible and accountable for the delivery of high quality clinical services, education and research, and day-to-day management of the GC within allocated resources.

Recent changes to the SESLHD Corporate Services directorate has repointed the responsibility of corporate and facility management to the new SESLHD corporate leadership team. Functions previously managed by the DON/FM will be reduced due to these new roles, however oversight of the Facility due to the remote location and isolation from TSH will ensure governance is maintained . Corprate staff within these portfolios now report through to the Corporate and Legal Directorate but will have day to day communicaitons with the DON/ Facility Manager for items impacting residents and staff.

The DON/FM will continue to work closely with the TSH Medical & Nursing Co-Director of Program 2 (Aged Care,Rehabilitation and medical specialites) to support greater linkage for the GC resident in addressing individual care needs.

The DON/FM will provide professional leadership and management accountability for delivering high quality patient centered care according to nursing clinical standards and

practice, and quality and safety outcomes through appropriate nurse staffing levels and skill mix.

The DON/FM will also support the Nurse Managers in talent and performance development and enhancement of their staff and building leadership capabilities across the centre.

This proposal provides enhancement of support staff such as a Management Accountant and a high level Project and Executive assistance to the DON/FM and leadership team. Additionally the creation of the Cottage Pod model with the addition of clinical support officers for the NUMs, re-pointing of clinical educators and the inclusion of a patient safety NUM, promotes greater focus on the resident and aspects of care.

A professional link with the TSH DON&M (NM8) will provide professional nursing guidance and support. The role is currently being filled temporarily as a Nurse Manager 5.

The DON/FM is a member of the TSH/GC Executive Leadership Team and reports directly to the TSH/GC General Manager.

The role is graded as a Nurse Manager 6 in the new structure.

3.2.2 Proposed changes to Nurse Unit Managers (NUM2)

There are currently 4 FTE Nurse Unit Managers (NUM2) at Garrawarra. It is proposed that 4 FTE be deleted with the proposal as follows;

It is proposed that two cottage pods be established. Each pod will provide co-ordination and management of resident care. It is proposed that each pod comprises of two cottages with a dedicated Nurse Unit Manager, Clinical Nurse Educator and Clinical Support Officer. As these structures are not currently in place it is noted that the addition of a Clinical Support officer for each cottage pod will provide administrative and rostering support as a minimum, for the cottage NUMs.

This structure will also be supported by the proposed Nurse Unit Manager Patient Safety & Clinical Support who will provide support to the cottage pods in the quality and safety agenda of residents along side the Clinical Nurse Educator Aged Care Standards.

It is proposed that 2.0 FTE Nurse Unit Manager (NUM) roles be created with each NUM assigned to oversee two cottages. It is proposed that these roles are classified as NUM 2 and will report to the Nurse Manager Operations and Clinical Quality.

It is proposed that 1.0 FTE Nurse Unit Manager Patient Safety and Clinical Support role be created (see 3.2.3). Overall this is a reduction of Nurse Unit Manager positions by 1.0 FTE.

3.2.3 Proposed new position: Nurse Unit Manager Patient Safety and Clinical Support

The Nurse Unit Manager (NUM) Patient Safety & Clinical Support is responsible for the delivery of GC quality and safety initiatives and the delivery of local improvements and projects that improve care outcomes, workplace culture and organisational reputation. Meeting the requirement of Standard 7 this role will support the workforce in their day-to-day practice and can protect against risk and improve the care outcomes for consumers.

The role provides leadership to the clinical teams to support staff in addressing patient safety, IIMs reporting and items for action to enhance care of residents. The role is the link between all cottages in ensuring clinical education and quality and safety process is maintained and addressed for all residents. It is proposed this role will work closely with the cottage pod NUMs to ensure consistency in practice that aligns to the aged care standards and the SESLHD Quality Framework in a manner that is meaningful to clinical staff, to promote positive change and provide critical support to the GC in the patient safety agenda. The position will have responsibility for the Patient Safety agenda and will report to the NM Clinical Operations & Quality.

It is proposed this role will be classified as a Nurse Unit Manager Level 2.

3.2.4 Proposed new position: Clinical Nurse Educator Aged Care Standards

The Aged Care Funding Instrument (ACFI) is a tool used to measure a residents' level of care required, their daily living activities, their behaviour and complex health needs. Assessment can include continence, mobility, nutrition, personal hygiene, toileting, cognitive ability and behaviour, wandering, verbal behaviour, physical behaviour, depression, medication, and complex health care.

Due to the complexity of assessment and documentation required to complete these assessments accurately it is proposed that a CNE be realigned to ensure education and support to timely and accurate assessments. The position would report directly to the Nurse Manager Clinical Operations and Quality and have an operational link to the Management Accountant TSH/GC to promote an understanding of how the assessment tool impacts individual residents care needs.

This role supports the higher level understanding for all clinical staff in the aged care assessment to meet not only Aged Care minimum standards of care but ensure all aspects of clinical assessment are well documented, articulated to family and implemented with individual residents. In line with the Aged Care legislation, assessment is an ongoing requirement and requires ongoing education in the tool for new staff in the clinical arena.

This role links closely with the Patient Safety NUM and the cottage pod NUMs to maintain consistency in practice for the residential aged care patient.

3.2.5 Proposed new position: Clinical Support Officer

The Clinical Support Officer (CSO) is responsible for supporting work activities of the nursing staff. The CSO will provide administrative and transactional services for members of the healthcare teams in the Cottage pods under the direction of the NUM.

It is proposed that 2.0 FTE Clinical Support officer roles (A03) be created that will support two cottages each. These roles will be managed by respective Nurse Unit Manager of each cottage group. It is proposed that the deleted A03 Administration roles be matched to the newly created CSO roles.

3.2.6 Proposed changes to Business & Quality Performance Manager

It is proposed that the Business and Quality Performance Manager position be deleted.

The functions of this role will be allocated to the following proposed new positions:

- Business to Management Accountant (recruited)
- Quality Performance to NUM Patient Safety and Clinical Support

Facility management components of the role previously undertaken will be reappointed to the Corporate and Legal Directorate.

3.2.7 Proposed changes to Administrative Support

The current administrative support at Garrawarra comprises of:

- Executive Assistant A06 supporting the Facility Manager
- Administration Officer A05 Cashier
- Administrative Officer A03 Reception/Admin
- Administrative Officer A03 Accounts
- Administrative Officer A03 Rostering

It is proposed the administrative support services be realigned to the following:

- Propose new position Project and Administration Officer (HSM1) to the Leadership Team
- Executive Assistant A06 be deleted with some functions of this role undertaken by the proposed Project & Administration Officer to the Leadership team
- Administration Officer A03 Accounts be retained with new reporting line
- Administration Officer A05 Cashier be deleted with the functions of this role undertaken by the Management Accountant
- Administration Officer A03 Roster be deleted

- Administration Officer A03 Reception/Admin be deleted

It is proposed that the deleted A03 positions (Rostering and Reception/Admin) be matched to the proposed newly created Clinical Support Officer roles.

3.2.8 Proposed new position: Project and Administration Officer

The Project & Administration Officer is responsible for ensuring the efficient and professional functioning and support to the leadership team at the Garrawarra Centre. The Leadership Team comprises of the DoN / Facility Manager, the Nurse Manager Clinical Operations & Quality and the Nurse Manager Staff Education & Clinical Practice and the Management Accountant. The position provides first line contact with external and internal stakeholders wishing to access the DoN / Facility Manager and other members of the leadership team and therefore carries significant responsibility in respect to relationship building and customer service.

This position provides high level customer service and administration support to the leadership team and stakeholders. The incumbent will be required to engage and influence multiple stakeholders to establish and manage key projects across the centre to drive continual innovation and efficiencies.

It is proposed that this role is classified as a HSM1 and will report directly to the DoN / Facility Manager

3.2.9 Proposed new position: Management Accountant

It is proposed that a Management Accountant be appointed who is an degree qualified Accountant and specialises in aged care funding initiatives, reconciliation of funds for residential accommodation and all aspects relating to the aged care funding stream, in addition this will support the general business and financial functions of the GC & TSH. This role is currently being recruited.

This role will link closely with the leadership team and the NUM Patient Safety & Clinical Support and CNE Standards to ensure all requirements of the Aged Care Act are met and addressed.

This role will report directly to the Director of Finance, Performance and Development (TSH/GC) and will have an operational reporting line to the DoN / Facility Manager

This role will be classified as a Health Service Manager 3.

3.2.10 Proposed new position: Director of Shared Clinical Services

The GC Allied Health Team comprises of a physiotherapist, the Diversional Therapy Team and Recreation Lifestyle Officers. These positions currently report to the Nurse Manager Operations. In addition there is a visiting speech therapist and dietician that attend the site from TSH.

It is proposed that the Director of Shared Clinical Services (Allied Health) role at The Sutherland Hospital be enhanced to manage the Allied Health Services at Garrawarra. This will provide professional and operational support to allied health services.

It is proposed that the role of Director of Shared Clinical Services TSH be increased by 0.2 FTE to provide educational and professional support to these services.

4. The recruitment and matching process

All changes will be managed as per NSW Health PD2012_021 *Managing Excess Staff of the NSW Health Service* and SESLHD PD/180 *Management of Organisational Restructures and Other Reforms in SESLHD*.

Once final approval has been obtained from the Chief Executive, all staff who will be affected by deletions or other changes will be informed in writing that they are affected.

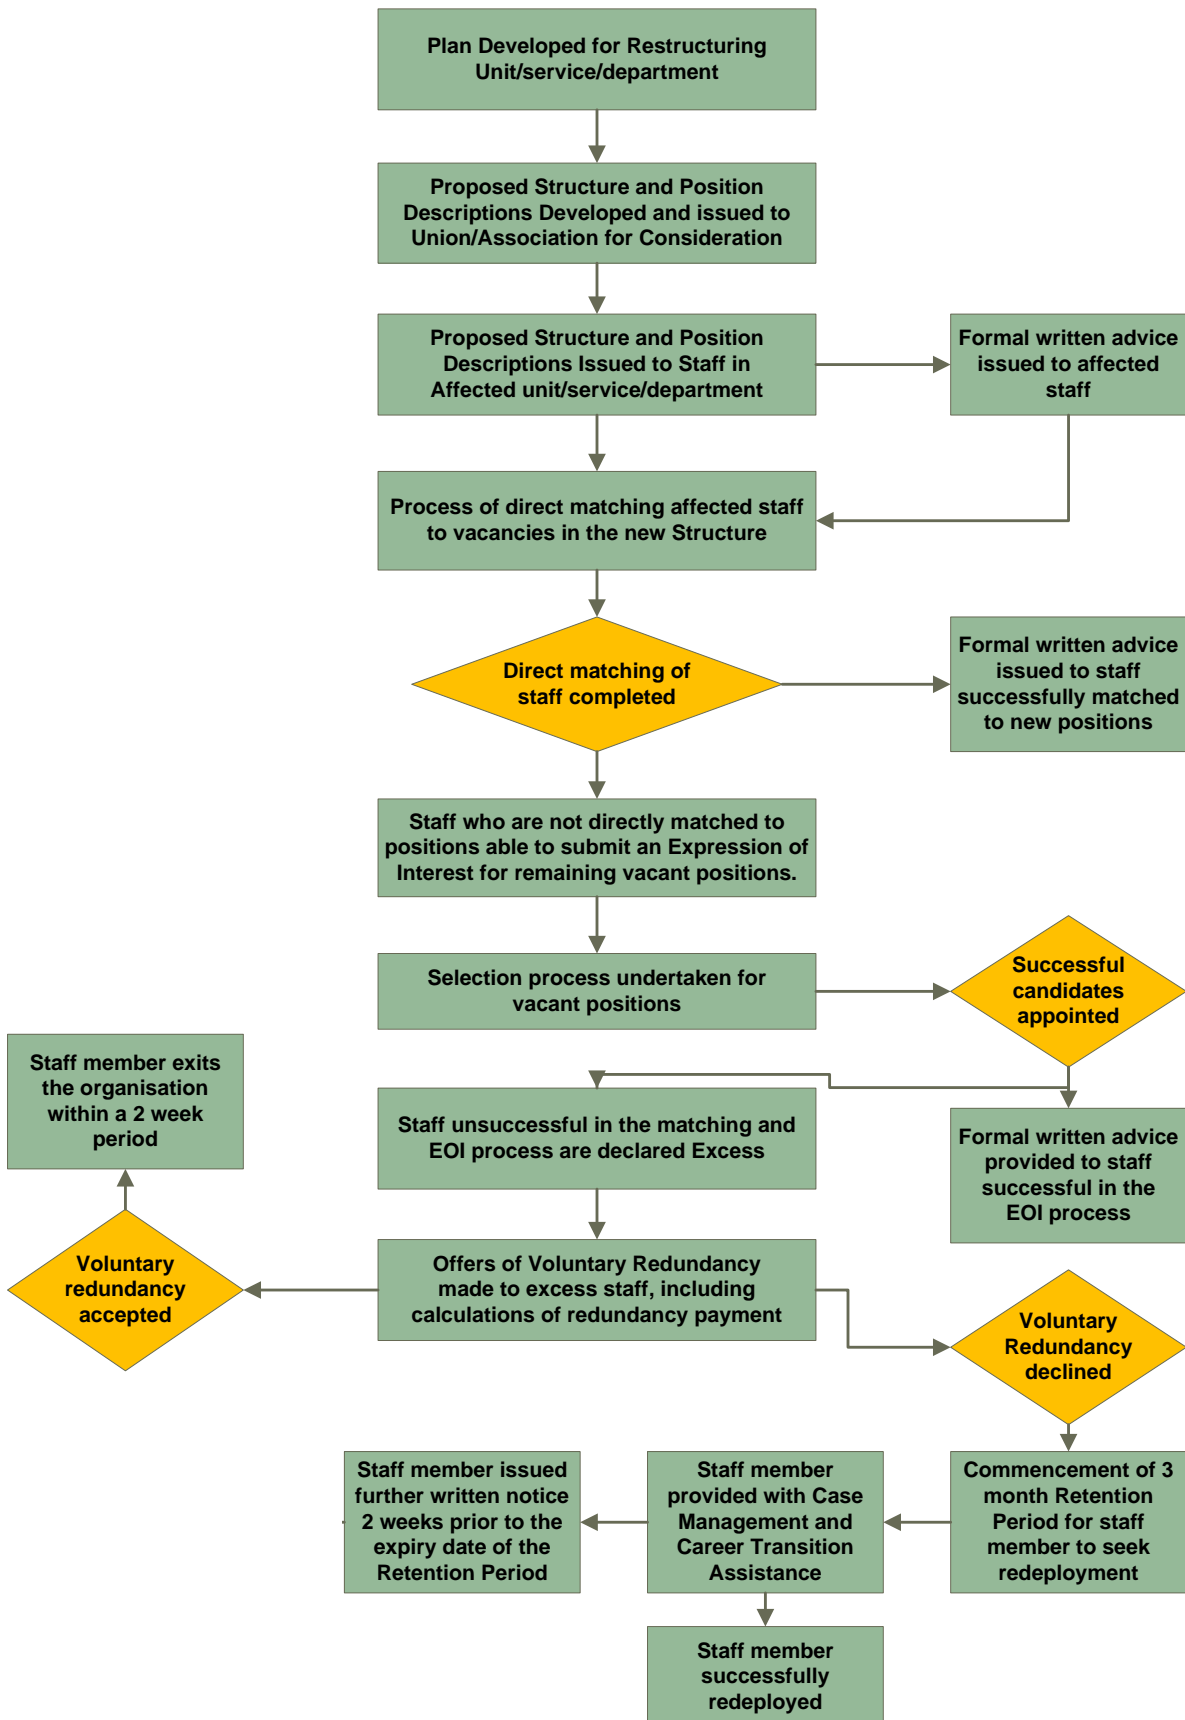

Expressions of interest will be requested from affected staff for vacant positions. Affected staff will receive case management support immediately. Following assessment of EOI applications, written advice will be given to staff appointed to positions and staff not matched or appointed will be declared excess.

Excess staff will have 14 days to accept or decline an offer of voluntary redundancy. Staff who accept an offer of voluntary redundancy will leave SESLHD within 4 weeks. Staff who decline an offer of voluntary redundancy will receive case management and career assistance.

5. Employee Assistance Program

Staff are reminded of the availability of the Employee Assistance Program through Converge on 1300 687 327. This number is answered 24 hours per day, seven days per week, to facilitate enquiries, booking requests and to provide assistance.

PROCESS MAP FOR ORGANISATIONAL RESTRUCTURES

6. Consultation

Staff that would be significantly impacted by the proposals set out in this document have been contacted individually and advised of the proposed changes.

Consultation will commence with staff and associations in line with NSW Health PD2012_021 *Managing Excess Staff of the NSW Health Service* on release of the Restructure Consultation Paper.

Staff directly impacted by this restructure have been consulted.

Position descriptions are available on request and are currently undergoing the Grading Committee process.

After the consultation phase has closed, formal approval to proceed with implementation of the new structure and management of excess employees will be sought from the Chief Executive and the Ministry of Health. Once this approval is obtained, workforce transition activities will commence.

7. Restructure Timeframe

Action	Detail	Estimated Dates
Release Restructure consultation paper	Provision of consultation paper to affected staff and unions/association	29 November 2021
Completion of consultation phase		14 December 2021
Feedback reviewed and considered	Consultation Paper Feedback finalised and responded	15 December 2021
Approval by Chief Executive to proceed with structure	Submit brief to CE for final approval of structure	17 November 2021
Written advice issued to affected staff	Letters to advise staff of "affected status"	20 December 2021
Submission of expressions of interest for vacant positions	EOI application form	w/c 17 January 2022
Selection process for positions	Assessment of EOI application (interview if more than one applicant for one position, or, position is higher grade than applicant currently)	w/c 24 January 2022
Unfilled new roles to be advertised	Advertisement of all unfilled roles	w/c 31 January 2022
Staff not matched or appointed to positions are declared excess	Letter to advise of 'excess status' and the option to choose a voluntary redundancy or seek redeployment	w/c 14 February 2022
Written advice issued to Staff appointed to positions	Letter to advise of appointment to successful applicants	w/c 25 February 2022
Voluntary redundancies declined/accepted		w/c 4 March 2022

• **Section 3 – Key Challenges**

This section describes the complexity of the job, the influences on it, and the influence that it has. The Key Challenges should not restate the Key Accountabilities. We recommend not to have more than 2-3 "Key Challenges" in total. Write two or three sentences concise statements

Challenges	Identification of gaps in the aged care assessment; introduction and education of staff in a changing aged care environment
Decision Making	Ability to identify and analyse problems, intervene, make sound decisions and act within policies and scope of practice Reports issues/incidents to appropriate staff when required
Communication	Establishment and maintenance of collaborative working relationships with all members of the multidisciplinary team; Presents facts clearly, concisely and logically in verbal and written documents, reports and educational materials; Provides support for all team members in day to day and in rapidly changing or challenging situations; Participates in ward/unit meetings and appropriate committees

• **Section 4 – Key Relationships**

The key Internal/External stakeholders and customers the role is expected to interact with routinely, rather than periodically. Concentrating on those communication requirements that are critical to the achievement of the role’s primary objective(s).

Key Internal Relationships	Who?	Nurse Unit Manager
	Why?	Direct Manager of patient areas
	Who?	Patient Safety NUM
	Why?	Compliance with quality & safety standards and reporting
	Who?	NM Staff Education & Clinical Practice
	Why?	Direct line manager

Does this role routinely interact with external stakeholders?	YES	
Key External Relationships	Who?	TSH Clinical Educators
	Why?	Professional alignment
	Who?	
	Why?	
Is this a Public Senior Executive Role which manages relationship at the Ministerial level?	NO	

- Section 5 – Staffing/Responsible for

Number of direct and indirect reports to position.

Direct Reports	nil
Indirect Reports	nil

- Section 6 – Financial Delegation

Note either “as per delegation manual” or “other”, if selecting other specify the monetary value of the financial delegation (eg \$5,000.00).

As per delegation manual	nil
Other \$	

- Section 7 – Essential Requirements

Information (where relevant) about essential role requirements, such as: whether the role is identified, qualifications requirements, employment screening checks, licence requirements etc.

Other Requirements	(Mandatory)	<ul style="list-style-type: none"> All staff are required to complete and submit a Pre-employment Health Declaration Form Dependant on position applied for you will need to complete/provide a Working with Children Check (WWCC), National Police Check (NPC) and/or Aged Care Check <i>Staff who supervise others:</i> As a leader you are expected to support the organisation achieve the aims of the safety management system, to establish and maintain a positive health and safety culture in the workplace and to consult with workers and others when making decisions that may impact upon the health, safety and welfare of those in the workplace. <i>Staff who do not supervise others:</i> You must take all reasonable care for yourself and others and comply with any reasonable instruction, policies and procedures relating to work health safety and wellbeing
	(Free Text)	

- Section 8 – Selection Criteria

The selection criteria should be based on the accountabilities that have been identified for the position and are used to make sound and fair selection decisions. Please add all standard selection criteria in to separate Selection Criteria boxes.

1	Current registration as a Registered Nurse/Midwife with the Nursing & Midwifery Board of Australia
2	Holds a relevant clinical or education post registration qualification or 3 years clinical experience in the field.
3	Demonstrated effective communication and interpersonal skills
4	Understanding of teaching and learning in the health care environment (adult learning principles)
5	Demonstrated clinical teaching & facilitation skills
6	Demonstrated knowledge of competency attainment and assessment
7	Computer literacy and understanding of hospital information systems
8	Demonstrated knowledge of Aged Care Quality Standards and the documentation required for the aged care funding models

Section 9 – Other Requirements (Optional)

Other requirements are to be populated where audit essential requirements have been identified in the position.

Other Requirements	(Mandatory)	<ul style="list-style-type: none"> Act as an appropriate and effective role model and promote a culture and supporting practices that reflect the organisational values through demonstrated behaviours and interactions with patients/clients/employees <i>Staff who supervise others:</i> Recruit, coach, mentor, and performance develop staff, to develop the capabilities of the team to undertake changing roles, responsibilities and to provide for succession within the unit <i>Staff who supervise others:</i> Manage delegated financial responsibilities, through the development and maintenance of appropriate strategies and effective allocation of resources, to ensure optimal health outcomes are managed within budget
	(Free Text)	

• Section 10 – Disqualification Questions

Disqualification questions are questions that relate to mandatory requirements for a position. These are requirements that should prevent a candidate from submitting an application. Desired requirements can be added as pre-screening questions.

Disqualification Questions	Currently Unavailable
----------------------------	-----------------------

- Section 11 – Capabilities for the Role

The capabilities (i.e. the knowledge, skills and abilities) for the role are obtained from the NSW Public Sector Capability Framework and any relevant occupation specific capability set.

The focus capabilities for the role are the capabilities in which occupants must demonstrate immediate competence. The behavioural indicators provide examples of the types of behaviours that would be expected at that level and should be reviewed in conjunction with the role’s key accountabilities.

Select at least one Focus Capability from each Capability Group. A minimum of 4 and a maximum of 10 Focus Capabilities should apply to a role. If the role contains People Management capabilities, a minimum of 5 Focus Capabilities should apply.

Capability Group	Focus?	Capability	Level

- Section 12 – Job Demands Checklist

The purpose of this checklist is to manage the risk associated with the position in relation to the occupant. It may be used to provide information about the position to a Health Professional required to perform a pre-employment medical assessment.

PHYSICAL DEMANDS - Description (Comment)	FREQUENCY
Sitting – remaining in a seated position to perform tasks	Frequent
Standing – remaining standing without moving about to perform tasks	Repetitive
Walking – floor type: even/uneven/slippery, indoors/outdoors, slopes	Repetitive
Running – floor type: even/uneven/slippery, indoors/outdoors, slopes	Infrequent
Bend/Lean Forward from Waist – forward bending from the waist to perform tasks	Occasional
Trunk Twisting – turning from the waist while sitting or standing to perform tasks	Occasional
Kneeling – remaining in a kneeling posture to perform tasks	Infrequent
Squatting/Crouching – adopting a squatting or crouching posture to perform tasks	Infrequent
Leg/Foot Movement – use of leg and/or foot to operate machinery	Occasional

Climbing (stairs/ladders) – ascend/descend stairs, ladders, steps	Infrequent
Lifting/Carrying – light lifting and carrying (0 to 9 kg)	Frequent
Lifting/Carrying – moderate lifting and carrying (10 to 15 kg)	Not Applicable
Lifting/Carrying – heavy lifting and carrying (16kg and above)	Not Applicable
Reaching – arms fully extended forward or raised above shoulder	Infrequent
Pushing/Pulling/Restraining – using force to hold/restrain or move objects toward or away from the body	Occasional
Head/Neck Postures – holding head in a position other than neutral (facing forward)	Repetitive
Hand and Arm Movements – repetitive movements of hands and arms	Repetitive
Grasping/Fine Manipulation – gripping, holding, clasping with fingers or hands	Repetitive
Work at Heights – using ladders, footstools, scaffolding, or other objects to perform work	Not Applicable
Driving/Riding – controlling the operation of a vehicle (e.g. car, truck, bus, motorcycle, bicycle)	Not Applicable
SENSORY DEMANDS - Description (Comment)	FREQUENCY
Sight – use of sight is an integral part of work performance (e.g. viewing of X-Rays, computer screens)	Repetitive
Hearing – use of hearing is an integral part of work performance (e.g. phone enquiries)	Repetitive
Smell – use of smell is an integral part of work performance (e.g. working with chemicals)	Repetitive
Taste – use of taste is an integral part of work performance (e.g. food preparation)	Not Applicable
Touch – use of touch is an integral part of work performance	Repetitive
PSYCHOSOCIAL DEMANDS - Description (Comment)	FREQUENCY
Distressed People – e.g. emergency or grief situations	Frequent
Aggressive and Uncooperative People – e.g. drug/alcohol, dementia, mental illness	Frequent
Unpredictable People – e.g. dementia, mental illness, head injuries	Frequent
Restraining – involvement in physical containment of patients/clients	Occasional
Exposure to Distressing Situations – e.g. child abuse, viewing dead/mutilated bodies	Choose an item.
ENVIRONMENTAL DEMANDS - Description (Comment)	FREQUENCY
Dust – exposure to atmospheric dust	Infrequent
Gases – working with explosive or flammable gases requiring precautionary measures	Infrequent
Fumes – exposure to noxious or toxic fumes	Infrequent
Liquids – working with corrosive, toxic or poisonous liquids or chemicals requiring personal protective equipment (PPE)	Infrequent
Hazardous Substances – e.g. dry chemicals, glues	Infrequent
Noise – environmental/background noise necessitates people raise their voice to be heard	Frequent
Inadequate Lighting – risk of trips, falls or eyestrain	Infrequent
Sunlight – risk of sunburn exists from spending more than 10 minutes per day in sunlight	Not Applicable
Extreme Temperatures – environmental temperatures are less than 15°C or more than 35°C	Not Applicable
Confined Spaces – areas where only one egress (escape route) exists	Not Applicable
Slippery or Uneven Surfaces - greasy or wet floor surfaces, ramps, uneven ground	Infrequent
Inadequate Housekeeping - obstructions to walkways and work areas cause trips and falls	Infrequent
Working At Heights – ladders/stepladders/scaffolding are required to perform tasks	Infrequent
Biological Hazards – exposure to body fluids, bacteria, infectious diseases	Frequent

Walking – floor type: even/uneven/slippery, indoors/outdoors, slopes	Frequent
Running – floor type: even/uneven/slippery, indoors/outdoors, slopes	Not Applicable
Bend/Lean Forward from Waist – forward bending from the waist to perform tasks	Infrequent
Trunk Twisting – turning from the waist while sitting or standing to perform tasks	Infrequent
Kneeling – remaining in a kneeling posture to perform tasks	Not Applicable
Squatting/Crouching – adopting a squatting or crouching posture to perform tasks	Not Applicable
Leg/Foot Movement – use of leg and/or foot to operate machinery	Not Applicable
Climbing (stairs/ladders) – ascend/descend stairs, ladders, steps	Frequent
Lifting/Carrying – light lifting and carrying (0 to 9 kg)	Frequent
Lifting/Carrying – moderate lifting and carrying (10 to 15 kg)	Not Applicable
Lifting/Carrying – heavy lifting and carrying (16kg and above)	Not Applicable
Reaching – arms fully extended forward or raised above shoulder	Infrequent
Pushing/Pulling/Restraining – using force to hold/restrain or move objects toward or away from the body	Infrequent
Head/Neck Postures – holding head in a position other than neutral (facing forward)	Occasional
Hand and Arm Movements – repetitive movements of hands and arms	Occasional
Grasping/Fine Manipulation – gripping, holding, clasping with fingers or hands	Occasional
Work at Heights – using ladders, footstools, scaffolding, or other objects to perform work	Not Applicable
Driving/Riding – controlling the operation of a vehicle (e.g. car, truck, bus, motorcycle, bicycle)	Occasional
SENSORY DEMANDS - Description (Comment)	FREQUENCY
Sight – use of sight is an integral part of work performance (e.g. viewing of X-Rays, computer screens)	Constant
Hearing – use of hearing is an integral part of work performance (e.g. phone enquiries)	Constant
Smell – use of smell is an integral part of work performance (e.g. working with chemicals)	Infrequent
Taste – use of taste is an integral part of work performance (e.g. food preparation)	Infrequent
Touch – use of touch is an integral part of work performance	Infrequent
PSYCHOSOCIAL DEMANDS - Description (Comment)	FREQUENCY
Distressed People – e.g. emergency or grief situations	Frequent
Aggressive and Uncooperative People – e.g. drug/alcohol, dementia, mental illness	Frequent
Unpredictable People – e.g. dementia, mental illness, head injuries	Frequent
Restraining – involvement in physical containment of patients/clients	Occasional
Exposure to Distressing Situations – e.g. child abuse, viewing dead/mutilated bodies	Infrequent
ENVIRONMENTAL DEMANDS - Description (Comment)	FREQUENCY
Dust – exposure to atmospheric dust	Infrequent
Gases – working with explosive or flammable gases requiring precautionary measures	Not Applicable
Fumes – exposure to noxious or toxic fumes	Not Applicable
Liquids – working with corrosive, toxic or poisonous liquids or chemicals requiring personal protective equipment (PPE)	Not Applicable
Hazardous Substances – e.g. dry chemicals, glues	Not Applicable
Noise – environmental/background noise necessitates people raise their voice to be heard	Infrequent
Inadequate Lighting – risk of trips, falls or eyestrain	Not Applicable
Sunlight – risk of sunburn exists from spending more than 10 minutes per day in sunlight	Not Applicable
Extreme Temperatures – environmental temperatures are less than 15°C or more than 35°C	Infrequent
Confined Spaces – areas where only one egress (escape route) exists	Not Applicable
Slippery or Uneven Surfaces - greasy or wet floor surfaces, ramps, uneven ground	Infrequent
Inadequate Housekeeping - obstructions to walkways and work areas cause trips and falls	Not Applicable
Working At Heights – ladders/stempladders/scaffolding are required to perform tasks	Not Applicable
Biological Hazards – exposure to body fluids, bacteria, infectious diseases	Not Applicable

--------------------	-------------	---

		<p>team to undertake changing roles, responsibilities and to provide for succession within the unit</p> <ul style="list-style-type: none"> • <i>Staff who supervise others:</i> Manage delegated financial responsibilities, through the development and maintenance of appropriate strategies and effective allocation of resources, to ensure optimal health outcomes are managed within budget
	(Free Text)	

• Section 10 – Disqualification Questions

Disqualification questions are questions that relate to mandatory requirements for a position. These are requirements that should prevent a candidate from submitting an application. Desired requirements can be added as pre-screening questions.

Disqualification Questions	<i>Currently Unavailable</i>
----------------------------	------------------------------

Section 11 – Capabilities for the Role

The capabilities (i.e. the knowledge, skills and abilities) for the role are obtained from the NSW Public Sector Capability Framework and any relevant occupation specific capability set.

The focus capabilities for the role are the capabilities in which occupants must demonstrate immediate competence. The behavioural indicators provide examples of the types of behaviours that would be expected at that level and should be reviewed in conjunction with the role’s key accountabilities.

Select at least one Focus Capability from each Capability Group. A minimum of 4 and a maximum of 10 Focus Capabilities should apply to a role. If the role contains People Management capabilities, a minimum of 5 Focus Capabilities should apply.

Capability Group	Focus?	Capability	Level
Personal Attributes	<input type="checkbox"/>	Display Resilience and Courage	Choose an item.

PHYSICAL DEMANDS - Description (Comment)	FREQUENCY
Sitting – remaining in a seated position to perform tasks	Frequent
Standing – remaining standing without moving about to perform tasks	Infrequent
Walking – floor type: even/uneven/slippery, indoors/outdoors, slopes	Infrequent
Running – floor type: even/uneven/slippery, indoors/outdoors, slopes	Infrequent
Bend/Lean Forward from Waist – forward bending from the waist to perform tasks	Infrequent
Trunk Twisting – turning from the waist while sitting or standing to perform tasks	Infrequent
Kneeling – remaining in a kneeling posture to perform tasks	Infrequent
Squatting/Crouching – adopting a squatting or crouching posture to perform tasks	Not Applicable
Leg/Foot Movement – use of leg and/or foot to operate machinery	Not Applicable
Climbing (stairs/ladders) – ascend/descend stairs, ladders, steps	Not Applicable
Lifting/Carrying – light lifting and carrying (0 to 9 kg)	Not Applicable
Lifting/Carrying – moderate lifting and carrying (10 to 15 kg)	Not Applicable
Lifting/Carrying – heavy lifting and carrying (16kg and above)	Not Applicable
Reaching – arms fully extended forward or raised above shoulder	Occasional
Pushing/Pulling/Restraining – using force to hold/restrain or move objects toward or away from the body	Infrequent
Head/Neck Postures – holding head in a position other than neutral (facing forward)	Infrequent
Hand and Arm Movements – repetitive movements of hands and arms	Infrequent
Grasping/Fine Manipulation – gripping, holding, clasping with fingers or hands	Infrequent
Work at Heights – using ladders, footstools, scaffolding, or other objects to perform work	Not Applicable
Driving/Riding – controlling the operation of a vehicle (e.g. car, truck, bus, motorcycle, bicycle)	Not Applicable
SENSORY DEMANDS - Description (Comment)	FREQUENCY
Sight – use of sight is an integral part of work performance (e.g. viewing of X-Rays, computer screens)	Frequent
Hearing – use of hearing is an integral part of work performance (e.g. phone enquiries)	Frequent
Smell – use of smell is an integral part of work performance (e.g. working with chemicals)	Frequent
Taste – use of taste is an integral part of work performance (e.g. food preparation)	Frequent
Touch – use of touch is an integral part of work performance	Frequent
PSYCHOSOCIAL DEMANDS - Description (Comment)	FREQUENCY
Distressed People – e.g. emergency or grief situations	Frequent
Aggressive and Uncooperative People – e.g. drug/alcohol, dementia, mental illness	Frequent
Unpredictable People – e.g. dementia, mental illness, head injuries	Frequent
Restraining – involvement in physical containment of patients/clients	Infrequent
Exposure to Distressing Situations – e.g. child abuse, viewing dead/mutilated bodies	Infrequent
ENVIRONMENTAL DEMANDS - Description (Comment)	FREQUENCY
Dust – exposure to atmospheric dust	Not Applicable
Gases – working with explosive or flammable gases requiring precautionary measures	Not Applicable
Fumes – exposure to noxious or toxic fumes	Not Applicable
Liquids – working with corrosive, toxic or poisonous liquids or chemicals requiring personal protective equipment (PPE)	Not Applicable
Hazardous Substances – e.g. dry chemicals, glues	Not Applicable
Noise – environmental/background noise necessitates people raise their voice to be heard	Not Applicable
Inadequate Lighting – risk of trips, falls or eyestrain	Not Applicable
Sunlight – risk of sunburn exists from spending more than 10 minutes per day in sunlight	Not Applicable
Extreme Temperatures – environmental temperatures are less than 15°C or more than 35°C	Not Applicable
Confined Spaces – areas where only one egress (escape route) exists	Not Applicable
Slippery or Uneven Surfaces - greasy or wet floor surfaces, ramps, uneven ground	Infrequent
Inadequate Housekeeping - obstructions to walkways and work areas cause trips and falls	Infrequent
Working At Heights – ladders/stempladders/scaffolding are required to perform tasks	Not Applicable
Biological Hazards – exposure to body fluids, bacteria, infectious diseases	Occasional
