

1 May 2024

Mr Gerard Hayes  
Health Services Union  
Level 2, 109 Pitt Street  
Sydney NSW 2000

Dear Gerard,

**NSW Health Pathology – Initiation of a Roster Review Process.**

This letter is to advise you that NSW Health Pathology Gosford Laboratory is initiating a Roster Review across the following departments:

- Chemistry
- Haematology
- Transfusion
- Microbiology
- Anatomical Pathology
- Specimen Reception.

The Rostering review provides Gosford Laboratory management with the opportunity to work with the listed teams on rostering practices. In line with the NSW Health Rostering Best Practice Manual, the review will take into consideration rostering practices and factors such as: patient needs; staff needs; organisational needs; the workforce and skills required to deliver services.

We are currently at the information gathering and initial consultation stage of the review process and will initiate required consultation processes if there are any proposed changes to the rostering.

Should you have any questions in relation to these changes, please do not hesitate to contact me.

Yours sincerely

Daniel Orellana  
Laboratory Operations Manager  
Northern Sydney / Central Coast
