Dear Mr Hayes

I am writing to advise that NSW Health Infrastructure (HI) is building 183 car spaces upon the redundant helipad at 1 Wrights Rd, Port Macquarie NSW 2444, which currently forms part of the existing Port Macquarie Base Hospital Campus.

Eire Constructions Pty Ltd has been engaged to build the carpark with construction expected to commence on 21 May 2024.

Upgrading the carpark will be a two-phase program which includes realignment of infrastructure and the provision of additional patient and visitor parking upon the redundant helipad with expected completion in early 2025.

General construction working hours are 7am to 6pm, Monday to Friday and 8am to 1pm, Saturday. No work will occur outside of these hours, on a Sunday or public holidays without prior notice.

Like any construction site, it is anticipated there will be some noise and dust, however, we will make every effort to keep any disruption to a minimum and to complete the work as quickly as possible. When required, traffic control staff will be onsite to direct traffic.

I will continue to stay in touch and update you of key project events as the new carpark progresses. I look forward to working with you as we move through this body of work and please do not hesitate to contact me if you require clarification.

Yours sincerely
