Dear Mr Hayes,

I am writing to advise you of the change in reporting structure within Liverpool Hospital Pharmacy Department. With the imminent operational commissioning of Stage One of the Liverpool Hospital Academic Precinct (LHAP), a Deputy Director - Cancer Services (Pharmacist Grade 5) position has been established. The purpose of this role is to provide operational oversight of the Cancer Therapy Centre (CTC) pharmacy, ensure adherence to relevant legislation and best practice guidelines and to provide leadership in the area. This position reports to the Director of Pharmacy, Liverpool Hospital.

The impact of the establishment of this position is:

- Nil employees are affected employees
- One employee's responsibilities will change, with the amended responsibilities in line with the existing position description
- Ten employees will continue to report through to the Director of Pharmacy, Liverpool Hospital

There will be no impact on the existing position descriptions of any employee, or any impact on working location or hours.

To ensure the proposed changes have the input of employees, consultation has commenced, in line with consultative provisions of the Health Employees' Conditions of Employment (State) Award 2023. I welcome any feedback from the HSU and its members by close of business on Friday 26 July 2024.

If you have any questions or wish to discuss this matter further, please contact me by email Rebecca.Broom@health.nsw.gov.au.

Yours sincerely,

R. Broom
