<b>Website</b>	<a href="http://www.islhd.health.nsw.gov.au/">www.islhd.health.nsw.gov.au/</a>

## PRIMARY PURPOSE

The vision for Illawarra Shoalhaven Local health District (ISLHD) is 'Excellent services, quality partnerships, healthy communities; ISLHD is committed to provide best practice health care and programs that promote the health and wellbeing of people in the Illawarra Shoalhaven.

The position is a member of the Shellharbour Executive team and works in partnership with other senior managers in IHG. The role provides operational leadership and management of services delivered in Shellharbour Hospital within the portfolio.

The position is responsible for working with the Heads of Department Co-Directors of Services to ensure high quality safe clinical services are delivered effectively and efficiently and that the divisional strategic plans and goals are implemented throughout the hospital. The position models and promotes the CORE Values of ISLHD to ensure the hospital delivers patient/client focused services in an adaptive, responsive and performance-oriented manner.

The position will manage the day-to-day operations of the portfolio, including but not limited to, staffing, incidents

The position will participate in the Shellharbour Hospital Executive On-Call Roster.

## COVID-19 VACCINATION COMPLIANCY

All NSW Health workers are required to have completed a primary course of a COVID-19 vaccine which has been approved or recognised by the Therapeutics Goods Administration (TGA). Additionally, Category A workers are required to receive a booster dose three months after completing the primary course of COVID-19 vaccinations. New applicants must have completed the vaccination course prior to commencement with NSW Health or provide an approved medical contraindication certificate (IM011 immunisation medical exemption form) certifying the worker cannot have any approved COVID-19 vaccines available in NSW.

Acceptable proof of vaccination is the Australian Immunisation Register (AIR) Immunisation History Statement or AIR COVID-19 Digital Certificate. Booster doses are highly recommended for all health care workers who have completed the primary course of COVID-19 vaccinations.

For Category A applicants, if dose 3 is not yet due they can sign the undertaking form to confirm they will receive the vaccine within 6 weeks of the dose due date.

## POSITION DESCRIPTION

# ISLHD - Operations Manager Medicine and Surgery Shellharbour Hospital -IHG

## RESPIRATOR USE

NSW Health workers may be required to use a respirator, as part of their appointment with NSW Health. Where a respirator is required for use, workers will be instructed in their safe use; including donning, doffing and fit checking. Staff may be required to complete fit testing to selected respirator/s to assess their facial fit/seal.

At all times when a health worker is required to use a respirator, the health worker must not have any facial hair that impedes on the mask seal and may be required to be clean shaven. Processes are in place to support workers that need to keep facial hair due to religious observance requirements and/ or health conditions.

## KEY ACCOUNTABILITIES

### Clinical Leadership

Effective liaison with the Heads of Department Co-Directors of Services for the provision of safe and evidence based clinical services.

Monitor and implement processes to ensure care delivery is safe, timely, appropriate, effective & efficient & undertaken in accordance with professional standards & supported by best available evidence.

Engage and collaborate with stakeholders to develop joint solutions, fostering a culture of achievement, accountability, and quality outcomes.

Ensure policy implementation and compliance across the portfolio

Maintain a physical presence in clinical areas to raise the profile of the leadership team; provide the opportunity to meet with women and families, staff, carers, students and volunteers to gauge and support activity, morale and the standard of care and service.

Create a culture of safety, kindness, and continuous improvement by setting the standard for team behaviours and modelling the CORE values.

### Clinical risk, quality and safety

Ensure processes are followed to identify, respond and mitigate potential/actual clinical risks ensuring accountability for professional practice and patient safety escalation where required.
