Dear Mr Hayes

RE: Mid North Coast Local Health District (MNCLDH) District Manager Planning & Service Development realignment

I am writing to advise you of a reporting line change to District Planning & Service position within the Mid North Coast Local Health District.

The position, currently sitting within the Integrated Care, Allied Health & Community Service Directorate, will be transferred to the Finance and Performance Directorate, reporting directly to the Director Finance & Performance.

The Finance and Performance Directorate holds the responsibilities for Budgeting, Capital Management, Facility Management and District Physical Resources with the activities performed by the District Manager Planning and Service Development being closely aligned and supported by these functions. Over time, the realignment is expected to enhance the opportunities for the District Manager Planning & Services Development role to have a greater organisational impact.

Discussions have been held with the incumbent. It is anticipated this change will commence from 1 February 2023 and there will be no change to the classification, position description or work location of the role.

Should you require further information please contact Paul Connor Director Finance & Performance, on 6589 2196 or via paul.connor@health.nsw.gov.au

Yours sincerely

Paul Connor
Director Finance & Performance
