Introduction of Vehicle Telematics

Dear Mr Hayes

I write further to broad consultation with NSW Health Unions completed by NSW Ministry of Health to advise that South Eastern Sydney Local Health District (SESLHD) intends to implement vehicle Telematics for all SESLHD fleet vehicles.

The implementation of vehicle Telematics will affect vehicles operated by employees covered by Health Services Union NSW. Installation of the technology required for vehicle Telematics is scheduled to commence from 10 May 2024.

The attached Memorandum provides greater detail regarding SESLHD's implementation. It is planned to distribute a copy of the Memorandum to all SESLHD staff to give notice of the introduction of vehicle Telematics prior to the above noted date.

If you would like to discuss this matter or require any further information, please contact Ms Helen Blake, Manager, Employee and Industrial Relations, by email to helen.blake1@health.nsw.gov.au or on telephone number 0429 632 730 no later than 26 April 2024.

Yours sincerely

Sharon Carey
