Dear Mr Hayes,

I refer to correspondence of 2 August 2024 advising you of the restructure proposal associated with the Illawarra Hospital Group (IHG), Clinical Operations Directorate and the associated staffing requirements, which had the potential to affect staff covered by the Health Services Union (HSU).

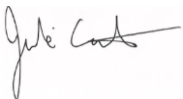

I now write to advise that the Chief Executive has approved the final plan, and I attach a summary document of changes made to the plan in consideration of feedback received throughout the consultation period.

The process of working with affected staff will now begin and recruitment to vacancies will occur shortly thereafter. It is anticipated that the vacancies will be filled, and the new structure will take effect from 6 January 2025.

I would like to take this opportunity to thank you for your co-operation and input throughout this process.

Should you require any further information in relation to this matter, please do not hesitate to contact Kirsty Temple, Senior Manager HR Services on 0436 651 602.

Yours sincerely

Julie Carter
General Manager
Illawarra Hospital Group
