

NSLHD CUTTING ALLIED HEALTH TO THE BONE

HSU Delegates have become aware of NSLHD's plan to slash Allied Health staffing right across the LHD. These cuts have been proposed without any consultation with union members.

WHAT'S PROPOSED?

- Immediate deletion of all staff on temporary contracts regardless of time remaining on contract
- 6% overall reduction of FTE at Hornsby Hospital for each Allied Health department
- Loss of 15 FTE at Mona Vale Hospital
- Loss of 50 FTE at Royal North Shore Hospital

STAND UP, TAKE ACTION!

THIS IS BREAKING POINT. Allied Health staff can no longer bear the brunt of budget cuts. We're overworked, understaffed and working in dangerous conditions.

HSU Delegates have called an all-members stop work meeting **THIS THURSDAY 12PM** to discuss our collective response.
