Dear Mr Hayes

I write to advise that Prince of Wales Hospital has been announced as the host site for the SESLHD Virtual Health Hub, which will build on the foundations of remote monitoring in the community provided already by our Community Management Centre (CMC).

This exciting opportunity provides resources to enable the governance and management of the SESLHD Virtual Health Hub. As such, we have established a new program – Community Connection and Virtual Health (CCVH). Discussions with relevant staff about these new services had taken place.

I attach the POWH organisation chart for your information.

Should you require any further information in relation to this matter, please do not hesitate to contact Helen Petrusa on 0499 787 689 or at helen.petrusa@health.nsw.gov.au

Yours sincerely

Jennie Barry
