

WEBINAR

Recreational drug toxicology: Tales from the Emerging Drug Network of Australia (EDNA)

Event Information:

27 August 2024

Time:
18:00 - 19:00 AEST

Online: 60 mins
interactive CPD

Join us and the people behind the Emerging Drugs Network of Australia (EDNA) as we look at new and emerging recreational drugs and their toxicology. Recreational drugs represent around 8% of cases in emergency departments.

This webinar will be an exploration of the different novel psychoactive drugs out there, and includes information on cathinones, hallucinogenics, synthetic cannabinoids and their mechanism of action and clinical presentations.

There will also be an introduction to EDNA and how it is informing what is causing harm in communities throughout Australia.

CONFERENCES

Australasian College of Paramedicine International Conference (ACPIC24) 11- 13 September 2024 Sydney Masonic Centre, Sydney

Join us for the only dedicated paramedicine conference in Australasia. ACPIC24 is an in-depth comprehensive paramedic conference that focuses on providing the education and research that paramedics need. This event is curated to inspire, educate, and broaden your horizons and includes workshops, conference sessions, and social events.

Use code ACPHSU70 to obtain a \$70 discount on non-College member tickets. (Valid for upfront payment tickets only, and discount valid for one use only).
