

PATHOLOGY

HAVE YOUR SAY!

Over the past 12 months, you have shared your challenges within the pathology sector. Overwhelmingly, two things are clear: **the industry needs to change and workers need to be put first.**

More than 89% of workers say they **don't feel valued and respected** by employers and **75%** say they have considered **leaving the industry** in the past 12 months.

What's next? It's time to bring respect and value of workers back into the industry.

Results and information collected will be kept confidential.
