# SAY NO TO CONSULTANTS IN SOUTHERN!

As the health crisis deepens, SNSWLHD continues to cut health workers' jobs without regard for the impact on the community. So why are they still paying consultants millions of dollars a year?

With the backing of the SNSWLHD Chief Executive, external consultants have 'assisted' with over 100 job losses since 2021. Another 100 jobs are set to go over the next 3 years to cut costs.
